Ayesha Malik

Full Stack Developer

Rawalpindi, PPB

ayeshaamalik734@gmail.com

+92 301 0156113

• Detail-oriented and highly motivated undergraduate student pursuing a Bachelor's degree in Software Engineering with a passion for innovative technology solutions.

• Possesses a solid foundation in computer science principles and programming languages, combined with hands-on experience in software development projects.

• Proven ability to adapt quickly to new technologies and methodologies, coupled with excellent problem-solving skills and a collaborative mindset.

Willing to relocate: Anywhere

Work Experience

MERN Stack Developer (Full Stack Development)

SMB DigitalZone-Remote

May 2025 to Present

• Promoted to Team Lead within 3 months, managing cross-functional teams and overseeing full project lifecycles.

• Directed development, delegated tasks, and ensured timely, high-quality deliverables.

• Collaborated with CEO and stakeholders to convert business goals into technical plans.

• Improved workflows through documentation and process optimization.

• Mentored junior developers via code reviews and technical guidance.

Software Developer (React)

Verso-Remote

October 2024 to May 2025

• Develop interactive and responsive web applications using React.js and JavaScript.

• Convert Figma wireframes into fully functional and pixel-perfect websites.

• Implement smooth and engaging animations using Framer Motion, GSAP, and Three.js.

• Collaborate with a team using Git for version control and project management.

• Ensure cross-browser compatibility and optimize performance for a seamless user experience.

Full Stack Intern (Next.js and TypeScript)

Svea Tech Solutions-Remote

September 2024 to December 2024

• Worked on an established website, maintaining and improving its functionality.

• Developed and optimized responsive designs for a seamless user experience across devices.

• Added new services and features, enhancing the website's capabilities.

• Used Next.js and TypeScript to ensure scalability and maintainability.

• Collaborated with the team for code reviews, debugging, and deployments.

Education
